

## **Guidelines for Pool Use at Shadow Creek Summer 2021**

The purpose of these guidelines is to ensure a safe environment for all residents and guests who wish to swim in the second summer of COVID-19.

Consideration of others is paramount in making these guidelines workable.

If problems arise, please contact a member of the Pool Committee - Sharon McClew, Melany Levenson, Kathy Wegner, Bob Wegner & Jane Westberg.

**Pool opening is targeted for May 27th and should be ready for swimming a day or two later**

### **Who can use the pool**

People who live together at Shadow Creek and their guests, can use the pool together - in groups of 10 or fewer. A resident must be present when non-resident guests are using the pool.

### **Access to Pool**

The pool can be used from 6:00 am until 9:00 pm. Reservations are required between 12 noon and 6:00 pm.

### **Coronavirus Protection for Entering and Leaving Pool Area**

We will follow CDC guidance, which may change from time to time. *Anyone who has not been fully vaccinated should only use the pool in a reserved time slot between 12 noon and 6:00 pm.*

### **Scheduling Use of the Pool**

We are asking everyone to limit their use to one hour per day so that all residents have an opportunity to use the pool.

To reserve a time to use the pool between 12 noon and 6 pm please use the online calendar: **<https://calendly.com/shadowcreek-pool>**

Reservations may be made in 1/2 hour or one hour increments, up to seven days in advance. Please update the calendar if your plans change.

### **Pool Maintenance**

Pool maintenance again will be handled by Peak One. Their employees will be asked to wear face covering and gloves when on the job. They will come on Mondays, Wednesdays and Fridays to do routine maintenance and will record water temperature, chlorine and PH level on the white board - as well as any advisories relating to safe pool use.
